

Cenedy Uday Palma

Male, Bangladeshi

Github: github.com/cenedypalma

Email: cenedypalma@gmail.com

Mobile: +8801746520223

Research Interests

Machine Learning, Artificial Intelligence, Deep Learning, Software Engineering and Networking, Medicine, Treatment, Human and Technology.

Education

- **University of Dhaka** Dhaka, Bangladesh
Master in Information Technology (IIT)
Academic Session 2023 CGPA:3.27/4.00
2023- 2025
- **University of Dhaka** Dhaka, Bangladesh
Post Basic B. Sc.In Nursing (Dynamic Nursing College)
Academic Session 2021-2022
2022- 2024
Result:Passed
- **Bangladesh Shishu Hospital & Institute - BSHI** Dhaka, Bangladesh
Diploma in Paediatric Nursing
Academic Session 2021-2022
2022- 2023
- **Notre Dame University Bangladesh** Dhaka, Bangladesh
Department of Computer Science and Engineering (CSE)
January 2018 – February 2022
Undergraduate Thesis: Savior-an Intelligent Security System (SISS) Supervisor: Dr. Shaheena Sultana
CGPA:3.63/4.00
- **NIMDT Nursing College** Dhaka, Bangladesh
Diploma in Nursing Science and Midwifery CGPA:3.91/4.00
2021
- **Bangladesh Nursing and Midwifery Council** Dhaka, Bangladesh
Nursing License Exam: Passed(68418) Valid upto: 03-01-2022 to 02-01-2027
- **Martin Luther College** Dhaka, Bangladesh
Higher Secondary Certificate Group: Science GPA:4.33/5.00
2017
- **Mohammadpur Model School & College** Dhaka, Bangladesh
Secondary School Certificate Group: Science GPA:4.50/5.00
2015

Experience

- **(Government and World Bank Project) EDGE Project: Hire and Train**
Operation Associate 2023 – Present
 - **Project Coordination and Reporting:**
 - * Coordinated and reviewed IT-related course curriculum with professors, focusing on content development and hour distribution. (Notable: PHP, Laravel, Python, ASP Dot Net)
 - * Assisted with exam invigilation, grading, and review of exam scripts.
 - * Necessary software development that can work alongside the current project.
 - * Monitored project timelines, budgets, and resource allocations.
 - * Provided administrative and financial documentation to streamline project execution.
 - * Prepared presentation materials for executive meetings and stakeholder discussions.
 - * Developed project calendars, ensuring that deadlines were consistently met.
- **Business Automation Ltd**
Internship Program as Programmer July – Sept 2024
 - **Programming:** Work on various projects using PHP and Laravel Framework.
- **Management Trainee**
Work on completing assigned task. August-September, 2023
- **Management Trainee (Part-Time)** June-July, 2023
Work on making documentation and sort the those data accordingly
- **Medical: Bangladesh Shishu Hospital & Institute – BSHI**
Senior Staff Nurse (Full-time) 2022 - 2023
 - **Work On:** Throughout my experience in different duty locations, I have gained expertise in a wide range of tasks.
 - * **In the general ward,** I managed admission procedures, provided counseling, monitored vital signs, administered medicine, emergency medical equipment check, Blood Sample Collection and Other Routine works .
 - * **In the neonatal ward,** my responsibilities included admission procedures, counseling (counseling about the breast feeding), photo therapy and incubator machine maintenance, vital sign monitoring, feeding tube insertion, medicine administration, and emergency medical equipment management.

- * **In the PICU**, I provided counseling, conducted morning care routines, monitored vital signs, managed emergency medical equipment such as ventilator machine, laryngoscope, pulse oximeter, suction machine, inserted feeding tubes, administered medicine, and maintained accurate reports.
- * **Pre OT, OT, Post OT**: Similar management (chart, vital, cannula, ready instrument for operation, etc.) but depending on the situation
- * **In Emergency Patient care**(Patient vital sign check,Rapid Dengue test, Cannula, Blood collection, Giving medicine (IV/IM), Dressing, CPR, Suction), Taking patient history, Counseling Patients and Their Family, Managing paper works, Assist doctors with the procedure(lumbar puncture, Inserting NG tube) and others.

• Private Tutor

Jan 2018-2022

Tutoring Students.Candidate of higher secondary certificate(HSC)

• Technological: Internship at Urban Hill.

Junior Programmer (Intern) (Full-time)

Sep 2021 - Feb 2022

- **Work On**: Made a dynamic web application for an e-commerce client.Where he was able to sell his products, understand what his customer wants and recommend option for customers .An admin panel to control all. Used technology: Front End: HTML, CSS, Bootstrap 4, Back End: PHP, Database: MySQL, Server: Apache

• Medical: Internship at National Institute of Traumatology and Orthopedic Rehabilitation (Nitro)

Senior Staff Nurse (March 2018-April 2 018)

- **Work On**: Orthopedic Nursing, Adult Nursing, Community Health Nursing, Patient Care.

• Medical: Internship at Dhaka Shishu Hospital

Senior Staff Nurse (June 2018-July 2018)

- **Work On**: Pediatric Nursing and Midwifery.

Skills Summary

- **Languages**: Python, PHP, C++, JavaScript, SQL, Dart, JAVA, HTML, CSS
- **Frameworks**: Flutter, Laravel, OpenCV, TensorFlow, Keras, NodeJS
- **Tools**: Docker, GIT, MySQL, Google Colab, Matlab
- **Platforms**: Linux, Web, Windows
- **Soft Skills**: Leadership, Time Management, Communication, Event Management, Writing, Public Speaking, Medical
- **Additional Skills**: Writing with Latex(This CV is also written using Latex). Video Editing: Adobe Primmer Pro, Adobe After Effect, Blender. 3D Modeling: Blender(Basic). Photo Editing: Adobe Photoshop. Microsoft Word, PowerPoint, Excel(Basic). LibreOffice(Basic).
- **Currently learning**: React. JS(Basic), ASP.NET(Basic) from free resources online.
- **Medical skill**: Cannula, CPR, Suction, Medication(IV/IM), NG Tube Feeding, Vital Sign Check, Blood Sample Collection, Assist Doctor, File Management.

Key Projects

- **Savior-an Intelligent Security System (SISS) (Making the thesis part of real world)**: (Working on to making it more user friendly)Use modern techs like smartphones with the combination of AI to solve problems like harassment, and criminal activity and help helpless people. A software that can be use in multi-platform and robust. Partial Project code:<https://github.com/CenedyPalma/Thesis-project-SAVIOR-v1.2> Tech: Flutter,Firestore,Dart,Alan AI.
- **Voice Assistant using Python.(NLP, Search Engine, Multimedia Processing)**: (For AI subject course project.) Research oriented, Open source. Partial project code:https://github.com/CenedyPalma/python_projectTSC Tech: Python, TensorFlow
- **Blood Donation Web app (Web Development, Database)**: (Course project).Web application to help the people who needed blood and connect with the donor. Tech: HTML, CSS, PHP, JavaScript,Database.
- **Face detection with the OPENCV (Model training, AI)**: Self-teaching about AI, model training. Tech: Python, TensorFlow, OpenCV)

Course Projects

- **Database Management** : Made database and did CRUD operation.
- **Management System**: Made an object oriented application using JAVA
- **Computer Network** : Made computer network projects using router, switch and others with Cisco Packet Tracer. Partial project code:https://github.com/CenedyPalma/Course.Project_1
- **Lexical Analysis for C** : For understand all parts of a compiler and the execution of a program. Partial part of the project: <https://github.com/CenedyPalma/Course.projects.2>
- **Circuit Design** : Design circuit(logic gates, CMOS technology) using DSCH and Microwind
- **Image processing with Matlab**: For to know about image processing works.
- **AI with Python** : Learn python and its libraries.Working voice Assistance with python

Publications

- **Book: Savior-an Intelligent Security System (SISS) (Flutter App Development, AI): Work in Progress.**
Operating and modifying AI of voice recognition for certain events and giving some pre-loaded commands for a certain task. A command like “Help me SAVIOR”.The program AI connected, will perform a task by calling the given police station number or registered numbers. Another one is automatic given a zone or area recognition. So, that one will know that he/she is in the wrong place and what can he/she do then. It will be helpful for human safety problems. **Tech:** Flutter, Alan AI, Firebase.

Scholarships and Awards

- Participated as Finalist at Blockchain Olympiad Bangladesh in Professional Category -2022
- Got Merit Based Scholarship at NDUB. 2020 - 2021
- Second Runner’s Up at NDUB CSE FEST 2021 Programming Contest - 2021
- Outstanding Performance awards for Traffic Control Volunteer Service - 2018
- Second Runner’s Up at Eusclan Science & Technology Club for Science Project Display - 2016
- Champion of a Debate Competition at Martin Luther College - 2016
- First Place at Martin Luther College for Science Fair - 2016
- First Place at Martin Luther College for Best Spoken English Skills and Best Attendance - 2016

Workshops

- | | |
|--|---------------------------|
| • Animator Training Program
<i>Make a event interactive between speakers and audiences.</i> | Dhaka, Bangladesh
2020 |
| • Writing Research Papers and Thesis in CSE at NDUB
<i>Ways of research and paper writing.</i> | Dhaka, Bangladesh
2019 |
| • The Personal and Political Implications of the Dialogue of Cultures.
<i>Differences in cultures interact with the personal and political.</i> | Dhaka, Bangladesh
2018 |
| • Basic Film Making Techniques from Drama And Film Club at NDUB
<i>Basic photo taking, video taking techniques, surroundings lighting condition.</i> | Dhaka, Bangladesh
2018 |

Volunteer Experience

- | | |
|---|----------------------------------|
| • Traffic Control Volunteer Service Held by NDUB
<i>Teach passerby about traffic rules and regulations.</i> | Dhaka, Bangladesh
2018 |
| • Class Representative (CR) of CSE-7 at Notre Dame University Bangladesh.
<i>Teachers students communication, arranged classes and ensure that university rules are followed.</i> | Dhaka, Bangladesh
2018-2021 |
| • Provide Service for Computer Club at NDUB
<i>Done video and photo editing for NDUB Computer Club.</i> | Dhaka, Bangladesh
2020 |
| • Event Organizing for a Non-profit Organization Sant Christina Youth Association
<i>Organized seminar for 1000 people, organized a youth seminar, and published a yearly magazine.</i> | Dhaka, Bangladesh
2017 - 2019 |
