PROFESSIONAL SUMMARY

Results-driven Software Engineer with 4+ years of experience in backend development, scalable SaaS platforms, REST API development, and cloud deployment. Skilled in Laravel, Node.js, TypeScript, PHP, Docker, and database optimization. Experienced in building production-grade web applications, payment gateway integrations, and real-time systems. Passionate about scalable architecture, AI-assisted systems, and modern software engineering practices.

TECHNICAL SKILLS

Languages: PHP, JavaScript, TypeScript, Python, SQL, C++, Java, Dart, HTML, CSS

Frameworks & Libraries: Laravel, Node.js, React, Flutter, Django, Express.js, OpenCV, TensorFlow

Databases: MySQL, PostgreSQL, MongoDB, Redis

DevOps & Tools: Docker, Git/GitHub, Linux, Postman, OpenAPI, MATLAB, Google Colab

Cloud/Hosting: DigitalOcean, VPS Deployment, AWS (Basic)

Other Skills: REST APIs, WebSockets, Payment Gateway Integration, System Design, Agile/Scrum

PROFESSIONAL EXPERIENCE

Backend Developer & Product Researcher

2025 – Present

Betopia Group

- Developed scalable REST APIs using Laravel and Node.js for SaaS product workflows.
- Integrated Stripe and Authorize.Net payment systems for automated subscription management.
- Implemented Docker-based deployment pipelines on VPS environments.
- Optimized backend performance using Redis caching and database query optimization.
- Collaborated in Agile/Scrum teams through sprint planning, code reviews, and technical documentation.
- Worked on scalable backend architecture for AI-integrated product systems.

Operations Associate

2023 – 2025

EDGE Project — World Bank & Government of Bangladesh Initiative

- Coordinated technical training operations involving 5,519+ trainees and 119 partner companies.
- Reviewed software development curriculum with professors and industry experts for PHP, Laravel, Python, and ASP.NET tracks.
- Participated in internal software development and workflow automation systems.
- Prepared technical reports, project documentation, and stakeholder presentations.

Programmer Intern

Jul 2024 – Sep 2024

Business Automation Ltd.

- Worked on production-grade backend modules using PHP and Laravel.
- Contributed to enterprise-level feature implementation and debugging.

Junior Programmer Intern

2021 – 2022

Urban Hill

- Developed a full-stack e-commerce web application including recommendation systems and admin features.
- Technologies used: PHP, MySQL, HTML, CSS, Bootstrap, Apache.

SELECTED PROJECTS

Pokemon Trading Card Platform

Node.js, Python, React, MongoDB, Shopify

Built a scalable trading platform integrated with Shopify for direct product transactions.

LCE Backend System

Laravel, React, MySQL

Designed modular REST APIs and scalable backend architecture using Laravel.

IntelliDemo AI

Node.js, React

Developed AI-powered demo platform with dynamic backend services and modular architecture.

Real-Time Chat Application

Node.js, TypeScript, Socket.IO

Built a real-time messaging platform using WebSockets and TypeScript.

SAVIOR — Intelligent Security System

Flutter, Firebase, Alan AI

AI-assisted emergency response and intelligent safety application.

Voice Assistant using Python

Python, TensorFlow

Developed NLP-based voice assistant integrating search and voice interaction systems.

EDUCATION

Master of Information Technology (MIT)

2023 – 2025

Institute of Information Technology, University of Dhaka

CGPA: 3.27 / 4.00

Bachelor of Science in Computer Science and Engineering

2018 – 2022

Notre Dame University Bangladesh

CGPA: 3.63 / 4.00

Thesis: SAVIOR — An Intelligent Security System

ACHIEVEMENTS

- Finalist — Blockchain Olympiad Bangladesh (Professional Category), 2022
- Second Runner-Up — NDUB CSE FEST Programming Contest, 2021
- Merit-Based Scholarship — Notre Dame University Bangladesh

LEADERSHIP & ADDITIONAL INFORMATION

Leadership: Class Representative (CR), CSE-7 — Notre Dame University Bangladesh

Soft Skills: Leadership, Communication, Technical Documentation, Team Collaboration, Public Speaking

Creative Tools: Adobe Premiere Pro, Adobe After Effects, Adobe Photoshop, Blender

Languages: English, Bangla
